

# MORE THAN AN OIL CHANGE

You get more than you may expect with Harley-Davidson® Authorized Service!

Our Regular Service always includes a thorough performance and safety inspection along with so much more.

Why risk anything less? Take your Harley-Davidson® motorcycle to the experts who know it best – your Authorized Harley-Davidson® Dealership! Don't get shortchanged – it's more than an oil change!

1

Check operation of all electrical equipment, lighting, and controls.

2

Inspect front and rear tyre tread depth and air pressure. Check tightness of all spokes (if equipped).

3

Inspect fluid level of front brake reservoir. Check torque of cover screws.

4

Adjust steering head bearings.

7

Replace engine oil, filter, and drain plug O-ring. Torque drain plug to proper specification. Ensure proper oil level at operating temperature.

6

Check torque of switch housing screws, clutch lever handlebar clamp screws, and master cylinder handlebar screws.

5

Check, adjust and lubricate throttle controls.

8

Check adjustment of primary chain.

9

Drain and replace transmission lubricant and drain plug O-ring.

10

Inspect oil, brake, and fuel lines and fittings for leaks, contact, or abrasions.

13

Inspect rear brake reservoir for proper level. Check torque of cover screws.

12

Check torque of front isolator mounting bolt and nut.

11

Check torque of upper front stabiliser link engine bracket mounting screws.

14

Inspect front brake pads and discs. Ensure pad thickness is within specification.

15

Inspect rear brake pads and disc. Ensure pad thickness is within specification.

18

Inspect and lubricate jiffy stand.

17

Check torque of brake banjo bolts.

16

Check torque of front and rear axle nut.

19

Check clutch adjustment.

20

Check, adjust, and lubricate brake and clutch controls.

21

Inspect and adjust drive belt. Inspect wheel sprocket.

25

Road test – verify component and system functions.

24

Check for open recalls, product campaigns, trouble codes, and engine management system updates.

23

Check battery, clean connections and torque terminal screws.

22

Inspect exhaust system for leaks, cracks, and loose or missing fasteners or exhaust shields.

SYN3® oil is the only synthetic lubricant specifically designed for use in your Harley-Davidson® motorcycle.

Regular maintenance will keep your H-D® motorcycle operating at peak performance. Your Harley-Davidson® dealer knows best how to service your motorcycle with factory approved methods and equipment assuring you of thorough and competent workmanship.

Depicted are areas serviced during the recommended 1600 km (1000 mi) service for a 2015 Sportster® model. Refer to owner's manual for more details.
